Design Memorandum . TO: All Design Section Staff . FROM: Bijan Khaleghi . DATE: November 27, 2017 .
SUBJECT: th AASHTO LRFD Bridge Design Specifications, 8 Edition 2017

AASHTO LRFD Bridge Design Specifications, 8th Edition 2017

The AASHTO LRFD Bridge Construction Specifications are intended for use in the construction of bridges. The specifications employ the Load and Resistance Factor Design (LRFD) methodology, and are designed to be used in conjunction with the AASHTO LRFD Bridge Design Specifications.

The American Association of State Highway and Transportation Officials (AASHTO) is a standards setting body which publishes specifications, test protocols and guidelines which are used in highway design and construction throughout the United States. Despite its name, the association represents not only highways but air, rail, water, and public transportation as well.
