Art therapy (also known as arts therapy) is a creative method of expression used as a therapeutic technique. Art therapy, as a creative arts therapy modality, originated in the fields of art and psychotherapy and may vary in definition.. Art therapy may focus on the creative art-making process itself, as therapy, or on the analysis of expression gained through an exchange of patient and ...

Art therapy - Wikipedia

A scale model is most generally a physical representation of an object, which maintains accurate relationships between all important aspects of the model, although absolute values of the original properties need not be preserved. This enables it to demonstrate some behavior or property of the original object without examining the original object itself.
