The flank or latus is the side of the body between the rib cage and the iliac bone of the hip (below the rib cage and above the ilium).. In some contexts, it is sometimes called the lumbar region.. References

Flank (anatomy) - Wikipedia

Description. Douglas Harper compiled the etymology dictionary to record the history and evolution of more than 30,000 words, including slang and technical terms. The core body of its etymology information stems from Ernest Weekley's An Etymological Dictionary of Modern English (1921). Other sources include the Middle English Dictionary and the Barnhart Dictionary of Etymology (by Robert ...
