

direct from dell michael pdf

This management case study briefly discusses Dell's channel strategy and partner program introduced to recapture its lost market leader position. The case further highlights how Dell has successfully transformed itself from its direct-sales-only mantra to building a successful reseller network within three years.

Dell - From Direct Sales to Channel Strategy

Dell is an American multinational computer technology company based in Round Rock, Texas, United States, that develops, sells, repairs, and supports computers and related products and services. Named after its founder, Michael Dell, the company is one of the largest technological corporations in the world, employing more than 103,300 people in the U.S. and around the world.

Business models are perhaps the most discussed and least understood aspect of the web. There is so much talk about how the web changes traditional business models. But there is little clear-cut evidence of exactly what this means.

Business Models on the Web | Professor Michael Rappa

With Cradle to Cradle, EPEA aims for high-quality products, safe for human health and the environment, that can be reused in the bio- and technosphere.

EPEA: The Cradle of Cradle to Cradle

Direct action originated as an anarchist term for economic and political acts in which the actors use their (e. g. economic or physical) power to directly reach certain goals of interest, in contrast to those actions that appeal to others (e. g. authorities) by, for instance, revealing an existing problem, highlighting an alternative, or demonstrating a possible solution.
