Fallout is a series of satirical post-apocalyptic role-playing video games. It was created by Interplay Entertainment. The series is set during the 22nd and 23rd centuries, and its atompunk retrofuturistic setting and artwork are influenced by the post-war culture of 1950s America, with its combination of hope for the promises of technology and the lurking fear of nuclear annihilation.

Acculturation is the process of social, psychological, and cultural change that stems from blending between cultures. The effects of acculturation can be seen at multiple levels in both the original (native) and newly adopted (host) cultures. Historically speaking, acculturation is a direct change of one's culture through dominance over another's culture through either military or political ...
