

rapid assessment protection situation pdf

Broadly speaking, a risk assessment is the combination effort of 1. identifying and analyzing potential (future) events that may negatively impact individuals, assets, and/or the environment (i.e., risk analysis); and 2. making judgements "on the tolerability of the risk on the basis of a risk analysis" while considering influencing factors (i.e., risk evaluation).

Rapid Re-housing (RRH) is an evidence-based approach to end homelessness as quickly as possible for families and individuals. It centers on a school of thought called "Housing First," the idea that people are much more likely to find success when they are no longer in a stressful crisis situation; rather than wait for people who have become homeless to be "housing ready," shelters help ...
