The purpose of the website is to provide information regarding the Superfund program for communities, cleanup professionals, and concerned citizens.

### **Superfund | US EPA**

Product innovation is the creation and subsequent introduction of a good or service that is either new, or an improved version of previous goods or services. This is broader than the normally accepted definition of innovation that includes the invention of new products which, in this context, are still considered innovative.

### **Product innovation - Wikipedia**

Executive Summary. Reprint: R0806E. In the past, design has most often occurred fairly far downstream in the development process and has focused on making new products aesthetically attractive or ...
