William Blake invented a printing technique known as relief etching and used it to print most of his poetry. He called the technique illuminated printing and the poetry illuminated books. Nearly all of his critics believe that the idea for illuminated books preceded the invention of relief etching, that either the idea of text integrated with images on the same page or Songs of Innocence ...

The English term enlightenment is the western translation of the term bodhi, "awakening", which was popularised in the Western world through the 19th century translations of Max MÃ¼ller. It has the western connotation of a sudden insight into a transcendental truth. The term is also being used to translate several other Buddhist terms and concepts used to denote insight (prajna, kensho and ...
